Dear Parent/carer

Air Quality Management Around Schools

We often receive complaints regarding vehicles parked near schools with their engine left idling. In an effort to ensure that the air quality around schools is the best it can be we are writing to all of our parents/carers, via your school, asking you to ensure that you do not leave your vehicles engines idling when parked in and around school premises.

We have also written to our operators who undertake school transport asking them to behave in the same way.

Thank you in advance for your cooperation.

Yours sincerely

Susan Childerhouse
Assistant Director Public Protection & Transport
